Alpha Rising: 3M’s Chief Science Advocate on Healthcare and the Next Generation of Scientists

Admin User · May 31, 2018

Jayshree Seth is a Corporate Scientist and the Chief Science Advocate at 3M. Plus she holds 60 patents. TheStreet’s Tracy Byrnes got to speak with her about the cool products she’s creating and the results […]

Jayshree Seth is a Corporate Scientist and the Chief Science Advocate at 3M. Plus she holds 60 patents. TheStreet’s Tracy Byrnes got to speak with her about the cool products she’s creating and the results of a 14-country State of Science Index the company created. And let’s just say the results are not great. We are going to need more people to love science if you really want a flying car someday.
