Electric cars are gaining ground in the U.S. as more drivers abandon gas stations in favor of charging stations.

Americans bought 1.3 million electric vehicles in 2024, a new record, according to [Kelly Blue Book](#).

EVs made up 8.7% of all new cars sold in the U.S. in 2024, KBB reported.

The 2 best-sellers were Teslas, but the company has lost ground as competition grows, selling 37,000 fewer cars in 2024 than in 2023.

As more models enter the market, Cox Automotive [predicts](#) that EVs could exceed 10% of all new cars sold in 2025.

Here are the 10 best-selling EVs of 2024

1. Tesla Model Y
 2. Tesla Model 3
 3. Ford Mustang Mach-E
 4. Hyundai Ioniq 5
 5. Tesla Cybertruck
 6. Ford F-150 Lightning
 7. Honda Prologue
 8. Chevrolet Equinox
 9. Cadillac Lyriq
 10. Rivian R1S
