Technically Speaking: Apple’s WWDC 2018 and Mary Meeker’s Internet Trends report

Admin User · June 1, 2018

RealMoney’s tech columnist Eric Jhonsa and reporter Oscar Gonzalez join us to discuss what Apple might announce when it hosts its annual developers conference starting June 4, as well as highlights from famed Internet analyst [...]

RealMoney’s tech columnist Eric Jhonsa and reporter Oscar Gonzalez join us to discuss what Apple might announce when it hosts its annual developers conference starting June 4, as well as highlights from famed Internet analyst Mary Meeker’s influential trends report. And then we talk NBA playoff action, because who doesn’t like a little basketball mixed in with their tech talk?
