Technically Speaking: Have We Reached Peak Netflix?

Admin User · June 29, 2018

After a brief hiccup, Netflix shares are once again prospering and have more than doubled so far in 2018. Can the streaming giant keep up its scintillating subscriber growth, particularly overseas, and retain the trust […]

After a brief hiccup, Netflix shares are once again prospering and have more than doubled so far in 2018. Can the streaming giant keep up its scintillating subscriber growth, particularly overseas, and retain the trust of investors as it continues to spend billions of dollars a year on content? TheStreet’s Annie Gaus and Eric Jhonsa give their perspectives.
